Corona virus disease (COVID-19) is an infectious disease caused by a newly discovered corona virus. Most people infected with the COVID-19 virus will experience mild to moderate respiratory illness and recover without requiring special treatment. Older people and those with underlying medical problems like cardiovascular disease, diabetes, chronic respiratory disease, and cancer are more likely to develop serious illness. The best way to prevent and slow down transmission is to be well informed about the COVID-19 virus, the disease it causes and how it spreads. As a community health care provider, Fourth year Basic B.sc nursing students' organised an exhibition on '**COVID -19 AND ITS PREVENTION o**n 29/01/2021 and 30/01/2021 at Nerul Gaon UPHC, Sect-20 Navi Mumbai. Almost 60 peoples visited exhibition in two days during lockdown restrictions. All precautions followed. Fourth year Head of the department, Mrs Sherifa Rajaline, Dr.Mhatre Sir (Medical Officer) & UPHC Staff also visited exhibition & appreciated the students for taking efforts. .This activity was conducted under the supervision and guidance of faculty- Mrs Supriya Batwalkar and Ms Nima Khobragade.
